Re: Klumpp "A" Sand Reservoir A
South Bosco Field
Acadia and Lafayette Parishes, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **Whittier Operating, INC.** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters relating to the establishment of rules and regulations and the creation of a single drilling and production unit for the exploration for and production of gas and condensate from the Klumpp "A" Sand Reservoir A SUA, in the South Bosco Field, Acadia and Lafayette Parishes, Louisiana.

1. To establish rules and regulations and to create single drilling and production unit for the exploration for and the production of gas and oil from the Klumpp "A" Sand Reservoir A SUA, in the South Bosco Field, Acadia and Lafayette Parishes, Louisiana.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To permit the Applicant to utilize and designate the Whittier Operating, Inc-Forestier No. 1 as the unit well for the Klumpp "A" RA SUA, said well located at shown on the plat attached hereto, in exception to the spacing provisions of Office of Conservation Statewide Order No. 29-E.
4. To provide that any future wells drilled to the Klumpp "A" outside Reservoir A should be located under the spacing provisions of Statewide Order No. 29-E.
5. To authorize the Commissioner of Conservation to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
6. To consider such other matters as may be pertinent.

The Klumpp "A" Sand in Reservoir A in South Bosco Field, Acadia and Lafayette Parishes, Louisiana is hereby defined as that gas and condensate bearing zone encountered between the measured depths of 10,441' and 10,504' (electric log measurements) in the Whittier Operating, Inc.-Forestier No. 1 well located in Section 9, Township 9 South, Range East, Acadia and Lafayette Parishes, Louisiana.

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY from E. Holmes Smart at Frank W. Harrison, Jr., Post Office Box 51943, Lafayette, Louisiana 70505, Telephone Number (337) 232-4031.

Pursuant to the Rules of Procedure a conference to discuss the proposed application and any opposition thereto was held at 10:00 A.M. on Thursday, January 11, 2007, at the Petroleum Club of Lafayette, Louisiana. Numerous questions were posed, primarily as to procedure. No other plans were presented nor was there any opposition expressed.

Attached hereto and made a part hereof is a plat outlining the proposed units and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this notice is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. The list of parties will, however, be furnished by the undersigned to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties, and Represented Parties.

Finally, enclosed is our check in the amount of \$755.00 made payable to the Office of Conservation and representing the required hearing application fee.

Very truly yours,

E. Holmes Smart
